"The creation of gameplay innovation was integral to the HyperMotion capture session at EA Vancouver and this creative process permeated all phases of development, creating a completely new experience for players," said Mike Lewis, Senior Producer at EA Canada. Motion-capture technology utilizes synthetic-intelligence algorithms to predict the exact movements that real-life players exhibit on the pitch, providing new layers of creativity and authenticity that allows players to express themselves on the pitch like never before. Below you can get a first look at the new features including the Best of Evolution, More Ways to Play, Online-only Content and much more. FUT 22 Recap * Watch the FIFA 20 Awards Show live on Twitch on Monday, June 25th at 7 pm PT / 10 pm ET New features introduced in FIFA 21 are: Soccer AI Soccer AI is a set of

improvements to the soccer AI aimed at developing more natural and realistic player movement and positioning to help players make more accurate passes. The improved AI allows players to perform increased number of passes and dribbles, putting them in better positions to create more space for teammates. Leveraging EA SPORTS Ignite Player Intelligence

Leveraging EA SPORTS Ignite Player Intelligence will provide more variety of realistic decision-making for players during gameplay situations. For example, players will now be able to turn or sprint whenever they want. This will provide players with more variety in their play style. More Realistic Interception AI The EA SPORTS Ignite Player Intelligence visioning arm in collaboration with EA Vancouver was responsible for developing the new interception AI. The new AI is able to read the situation more accurately and therefore make more sound decisions, which will be

reflected in the gameplay in a more realistic manner. Soccer Vision Engine The Soccer Vision Engine was responsible for creating and updating the player vision that is used to detect and analyze player movements on the pitch. The Soccer Vision Engine will now be able to predict the exact movements that real-life players exhibit on the pitch. This will allow players to express themselves on the pitch more accurately like never before. Exclusive Social Features FIFA 21 will include many exclusive features to compliment the game's overall experience. Let's take a look at some of the features included in the FIFA 20 Ultimate Team.
