Video Live chat Jepang Mandarin language Sometimes, when a person has a girlfriend that is very pretty, she is going to begin to have some doubts about her boyfriend's character and qualities. A man who doesn't want to appear too forward will simply hang around with a girl until she just comes on to him! Mainly, in a relationship, a girl would just like a guy who would treat her right and a man who would kiss her passionately and fuck her to within an inch of her life, and would treat her like no other. A girl like this will really like it when a guy will compliment her looks or even touch her like she is of no use at all. She might even try to do some of that to get back at him and cause him to back down. Sometimes, men's first goal is to just to feel loved and comfortable, and when a girl is acting mean towards them or is acting like she does not care about them, it is like they are not even there! Sometimes, a guy would simply want to be in the good graces of a girl and have her like him and that is all. A guy might also only want to sleep with a girl like she is just an item to him and he would just be bored with her after that.
