- ... and, in fact, he was right," Father went on. - But he could have been more careful with his hotness. And he and all of us almost died then. - But haven't we all almost died now? - Mother asked. If it hadn't been for Dad, we'd still be sitting there. - I don't think so. I wasn't prepared for that, and I would have been glad if you had warned me. - Then you wouldn't have made it anyway. You wouldn't have made it, no matter how much I warned you," Mother said, looking at me. - But next time I'll be sure to warn you.

pg Model Number:

PV48G15Z2 It is

often necessary to perform operations that require high write throughput, such as generating maps or large

databases of nongraphical content. The data with which compression is performed is usually stored in disk-based files, but in many cases there is a need to compress on the fly, as is the case for web pages and other time-sensitive content. This network-attached

storage device
combines powerful
disk-based storage
with the efficient in-
